### REMARKS

Entry of this Amendment is believed proper since no new issues are being presented to the Examiner which would require further consideration and/or search. Indeed, the claim amendments above narrow the issues on appeal. Specifically, the claims have been amended to more particularly point out the invention.

Claims 1-14 are all the claims presently pending in the application. Applicants gratefully acknowledge the Examiner's indication that claims 1-4, 6-10, and 12-14 are allowed and that claims 5 and 11 would be allowable if rewritten to overcome informalities under 35 U.S.C. § 112, second paragraph.

Claim 5 has been amended to clarify that the "first and second driving mechanisms" are included in the "first and second sliding units" of claim 1.

Claim 11 has been amended to depend from claim 5, thereby to clarify the alleged indefiniteness for the Examiner.

It is noted that the claim amendments herein are made only for more particularly pointing out the invention, and not for distinguishing the invention over the prior art, narrowing the claims, or for any statutory requirements of patentability.

Further, it is noted that, notwithstanding any claim amendments made herein, Applicants' intent is to encompass equivalents of all claim elements, even if amended herein or later during prosecution.
